SERVICES WE PROVIDE

- ▶ EKG
- ▶ Echocardiogram
- ▶ Vascular ultrasound
- ▶ Stress test
- ▶ Holter monitor/Telemetry
- ▶ ABI/PVR
- ▶ Angioplasty

Most tests are available on premises. Tests performed are determined after an office examination by our physicians.

OUR MISSION

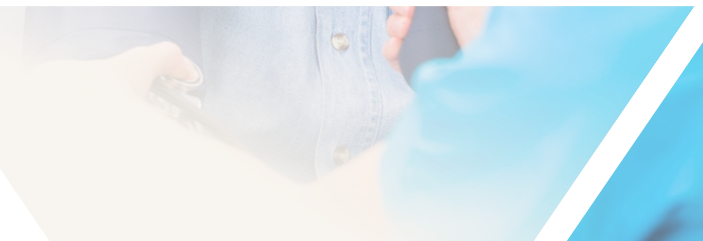

In our practice you will find board certified, knowledgeable physicians who provide every aspect of cardiovascular care from prevention to treatment throughout the boroughs of Staten Island and Brooklyn.

Our physicians and staff offer personalized care that is focused on addressing every patient's needs and concerns.

We provide a wide range of treatment in our fully equipped outpatient and inpatient facilities for conditions such as, but not limited to:

- ▶ Hypertension
- ▶ Prevention and treatment of heart attack
- ▶ High cholesterol
- ▶ Irregular heartbeat
- ▶ Heart failure
