

# Richmond University Medical Center

Comprehensive Breast and Imaging Center

*A Center Like No Other*

*Accredited for over 80 consecutive years*

## *Nationally Accredited for Quality Patient Care and Cancer Services*

When it comes to cancer care, our expertise and quality are unmatched. Our oncology program has been nationally accredited by one of the most prestigious national accreditations in the field of cancer, the American College of Surgeon's Commission on Cancer Care, for over 80 consecutive years — the longest consecutively accredited oncology program on Staten Island.

**Our facility is accredited by the American College of Radiology for:**

- ▶ Mammography
- ▶ Breast ultrasound
- ▶ Mammogram and Ultrasound Guided Biopsies

## *Personalized Care with You in Mind*

A state-of-the-art “wellness center” designed for everyone, our Breast and Imaging Center is dedicated to you and your health. We know that not all breast issues are related to cancer. That’s why breast cancer care is just one of the many services we provide. From routine mammograms and exams, to biopsies, surgical procedures, and personalized breast cancer treatment, our center is dedicated to serving you and your family.

Visiting our center means you have immediate access to a highly trained, experienced healthcare medical team including board certified, fellowship trained physicians and radiologists who specialize in compassionate, individualized care utilizing the most advanced technology available.

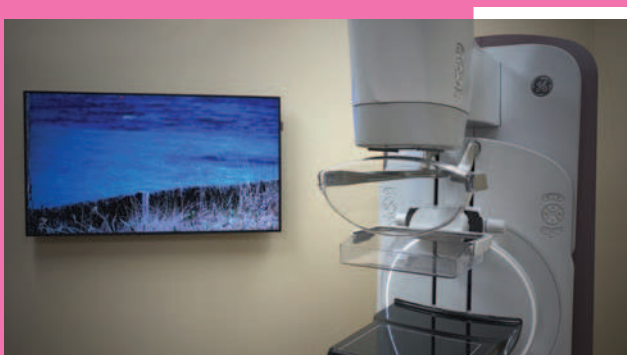

Our imaging, clinical, and minor surgical services are all available to you in one location within a spa-like atmosphere, complete with comfortable waiting area and private changing rooms. For all your breast health needs, look no further than our comprehensive Breast and Imaging Center.

## IMAGING SERVICES

*Utilizing the Most Advanced Technology*

### Services include:

- ▶ 3-D Mammograms (Digital Breast Tomosynthesis)
- ▶ Breast Ultrasounds
- ▶ Mammogram and Ultrasound Guided Biopsies
- ▶ Benign Breast Disease Evaluations
