

Richmond University Medical Center

IMMEDIATE CARE
PRIMARY CARE/WALK-IN CENTER

Your Doctor...On Your Time.

SERVICES

Preventative care and wellness: When you do not feel well and need to be seen right away, our primary care providers can deliver diagnoses and treatment for everyday illnesses and more severe conditions. They can also provide well visit services including physicals and screenings.

Prescription medication: Our primary care providers can prescribe medication and refills immediately to your local pharmacy for faster pick-up.

Lab work and vaccinations: Blood work, urinalysis, flu shots, strep tests, pregnancy tests, additional vaccines and lab work can be conducted on site.

Chronic condition treatment: Our providers can treat and manage diabetes, asthma, chronic obstructive pulmonary disease (COPD), congestive heart failure (CHF), and much more.

Diagnostic services: Electrocardiograms (EKG), electrocardiograph (ECG), X-rays, pregnancy tests, and body mass index (BMI) can be conducted on the premises.

Preoperative evaluations: Prior to undergoing surgery, our providers can conduct an on-site comprehensive exam to identify possible conditions that could lead to complications during the anesthetic, surgical, or post-operative period.

Specialist referrals: If necessary, our providers can refer you to our team of highly-trained specialists in areas such as behavioral health, cardiology, endocrinology, gastroenterology, oncology, neurosurgery, and obstetrics/gynecology.

WHEN LIFE'S UNEXPECTED MOMENTS HAPPEN, OUR DOCTORS ARE READY.

Fever, bumps, bruises, aches and pains. You cannot plan when they happen, but when they do, you want immediate, high quality care so you can get back on track quickly. Our centers provide comprehensive medical care with the convenience of not having to make an appointment. Our doctors are your doctors...on *your* time.

THE HIGHEST LEVEL OF CARE. OUR CENTERS ARE YOUR GATEWAY TO BETTER HEALTH:

- ▶ Board certified physicians.
- ▶ Certified nurse practitioners.
- ▶ One electronic medical record system for all our physicians to access your medical history while protecting your privacy.
- ▶ No appointment necessary whether you are not feeling well or just need a check-up.

*What about insurance?
No need to worry.*

Our primary care providers accept most forms of insurance.
